SHELBURNE LIBRARY

The library has been open from 2 to 4 Saturdays during the school year, 2 to 4 Tuesdays in the summer, and from 7 to 8 alternate Thursday evenings throughout the year, Mrs. Carleton Frank serving as librarian. In addition, the library conducted 9 story hours, 2 social events for children and 2 movie programs. Following the pattern of last year, a summer reading program was carried out in which 19 children participated, 7 of whom received book prizes for their reading accomplishment.

The Library participated in National Library Week and National Book Week. During National Library Week the Cub Scouts assisted in repairing the bindings of some of the books that had become worn through use. The librarian also arranged to have Mrs. Margery Hopkins, State Library Consultant, meet with the Neighbors Club and discuss books and library services available to this community.

Each year the State Library offers awards to town libraries in recognition of progress made in their programs. This year Shelburne entered the competition for such an award and was granted a prize of $200. for the purchase of children's books. The books thus acquired will appear on the shelves in 1961.

The use of the library has increased markedly over that of preceding years. Thirty-five adults and 48 children made use of the library facilities and borrowed during 1961 a total of 1,479 books. This is a sizeable increase over the circulation figure of 836 in 1959.

The library added to its shelves 121 new books, most of them for children, the needs of the adults being largely met through use of the State Library loan facilities. At various times during the year we have had available on our shelves 710 books from the State Bookmobile and 210 books on direct loan from the State Library.

The physical condition of the library has been improved through the elimination of the stove and by the laying of new floor linoleum.

The library has been greatly assisted in its work during the year by gifts of money, books and time. The list of donors is too great to be printed here but the committee wishes to express its appreciation for this generous assistance.

Although our library is small, the citizens of Shelburne who make use of it have almost any book whatever available to them. The State Library has formal loan arrangements with other libraries in the state and with the Library of Congress, and they are prepared to service, in so far as possible, requests that come from our librarian. Mrs. Frank is always glad to take care of such specific requests and the State Library is anxious to have the extensive service it offers used by the towns.

Respectfully submttted,

REPORT OF
SHELBURNE ROADSIDE IMPROVEMENT
COMMITTEE

Our Committee has cooperated again this year with the State Highway Department in cutting and removing dead trees along the highway as well as along the North Road and in Burbank Park.

Several small white birch trees were presented to the State of New Hampshire by our committee in the name of the Town of Shelburne. These trees were planted on the State House lawn as part of the Arbor Day ceremonies.

Prizes in our Roadside Garden Contest were awarded to the following:

Adults

$3.50	Mrs. Elizabeth Chase
3.50	Mrs. Frank Greenier
3.00	Mrs. Robert McLain

Children

$2.50	Vera-Ellen and Jimmy Evans
2.50	Ted and Terry Gorham
3.00	Marlene, Melanie and Marcia Hayes (individual gardens)
1.00	Sally Dinsmore
2.00	Joe and Eric Norton (individual gardens)

Any recommendations anyone would care to make for future projects would be greatly appreciated.

We wish to thank everyone for their help and cooperation this year.

A PROFILE OF THE WHITE MOUNTAINS REGION ASSOCIATION

WHAT IS IT? The WMRA is a voluntary, non-profit organization established in 1938 to promote the growth and prosperity of that section of New Hampshire known as the White Mountains Region which includes the towns of Albany, Bartlett, Bath, Benton, Bethlehem, Campton, Carroll, Chatham, Clarksville, Colebrook, Columbia, Conway, Dalton, Dummer, Easton, Ellsworth, Errol, Franconia, Gorham, Hart's Location, Haverhill, Jackson, Jefferson, Lancaster, Landaff, Lincoln, Lisbon, Littleton, Lyman, Milan, Monroe, Northumberland, Piermont, Pittsburg, Randolph, Shelburne, Stark, Stewartstown, Stratford, Thornton, Warren, Waterville, Wentworth's Location, Whitefield, Woodstock, and the city of Berlin.

WHO ARE ITS OFFICERS AND DIRECTORS? President, George T. Noyes, Bethlehem; Vice President, Reginald M. Colby, Littleton; Clerk, George T. Hamilton, Gorham; Treasurer, Arthur M. Drake, Lancaster. Directors: J. Arthur Sullivan, Berlin; Samuel G. Hall, Beebe River; Walter B. Knight, Jr., Monroe; Harvey Converce, Pittsburg; Channing Evans, Berlin; John H. Boothman, Randolph; Joseph B. Dodge, North Conway; Alf Halvorson, Berlin; Randall E. Spalding, Whitefield; Horace B. Knight, Woodsville; Frank D. Silvey, North Conway; Leonard Vancore, Colebrook. Executive Secretary, Donald E. Sanborn, Jr., Lancaster.

WHERE IS IT LOCATED? Its business office is in the National Bank Building, 5 Middle Street, Lancaster.

WHAT IS ITS JOB? Economic development and promotion. The WMRA works independently and in cooperation with various trade associations, chambers of commerce, clubs, and local, State and Federal agencies to improve those conditions upon which the North Country's business depends.

HOW IS THIS ACCOMPLISHED? Through the voluntary cooperative efforts of progressive business men and women in the White Mountains Region. These people serve on committees and work on projects to develop and promote the following segments of our economy: manufacturing and

crafts, commerce and vacation travel, agriculture, and natural resources.

FOR FURTHER INFORMATION, please write, phone, or visit the WMRA business office in Lancaster. We shall be pleased to supply our 1960 annual report, samples of our promotional literature and other information upon request.

100th BIRTHDAY

The Mount Washington Carriage Road is observing its 100th Anniversary through the present year. It was on August 8, 1861 when the now famous road to the summit was first officially opened.

The Town of Shelburne congratulates the management of the Mount Washington Summit Road Company on its Centennial Year and for the accomplishments of the past which have brought it to the fore-front as a tourist attraction in the White Mountains. Located on what is considered to be New Hampshire's best known natural feature—Mount Washington—the Carriage Road has been a major factor in the growth of vacation business in all surrounding communities.

Shelburne is privileged to have some direct connection with the Carriage Road. One of the incorporators of the original Carriage Road Company was a Shelburne resident, Harvey Philbrook. And in the pre-automobile era the "rigs" from Grove Cottage (now Androscoggin Inn), Gates Cottage and Philbrook Farm were a familiar sight on the carriage road, carrying guests to the Summit and return.

Special events have been planned for the coming summer to commemorate the 100th birthday of the road, designed to bring national attention and increase tourist travel to this area in 1961. Shelburne joins in a hearty "Happy Birthday" to the Mount Washington Carriage Road and a cordial invitation to one and all to visit this unique attraction this summer.

This is to certify that we have audited the records and records of the town of Shelburne for 1960 in accordance with instructions from the New Hampshire State Tax Commission and have found them complete and correct to the best of our knowledge and belief.

* The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1960-61 is as follows: Dummer, $197.20; Gorham, $4,071.60; Jefferson, $551.00; Milan, $516.20; Randolph, $197.20; Shelburne, $266.80. The State Treasurer also reports the amount of the per capita tax, while the Teachers' retirement and the State Employees' Retirement Association assesses the amount for the superintendent's retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

While the School Board is not required by law to give an estimated balance until June 10, 1961, it is reasonably sure that there will be an unexpended balance of $1,650 at the end of the fiscal year.

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of the Shelburne School District:

Foreword

The foreword of my report this year consists primarliy of the philosophy and objectives of the Gorham High School as formulated by the staff and approved by the School Board and administratin. The reason for this statement of policies is that the high school will be evaluated this spring by the New England Secondary School Association, of which Gorham is a member. Each member school must be evaluated once in each ten-year period to retain its membership. The evaluation is based on the principles stated in the philosophy and objectives, and will cover each area of the curriculum, the school and community, student activities, library and audio-visual activities, guidance services, health services, the school plant, and the school staff and administration. It is felt that the philosophy and objectives of the school should be of sufficient interest to each one to print them in full.

Gorham High School Philosophy

We believe that it is the responsibility of the school to provide the opportunity for individuals to exercise the right to seek an education consistent with the fundamental concepts of American domocracy.

We believe that the school should provide the student the opportunity to seek an education consistent with his own aptitudes, abilities, interests, and needs.

We believe that since the school exists because of the community, the school should prepare the student in keeping with the needs of the community. Among these needs is the academic preparation of a large percentage of the students who leave the community for post-secondary study

and the meeting of the needs of those individuals who terminate their education with high school.

We believe that the school should not limit itself to the intellectual development of the individual but must also concern itself with the physical, social, emotional, and moral growth of the student.

We believe that the most important consideration of the school is the student; that the teacher should, in his organization and presentation of the course of study, keep this in view; and that the administration should, through organization and supervision, coordinate the program of instruction to meet the student needs.

We believe that student promotion should be contingent upon satisfactory completion of standards relative to his level of instruction.

We believe that co-curricular activities are essential for the social, physical, emotional, and cultural development of the student.

The Gorham High School philosophy of secondary education may be summarized briefly as follows: We believe that the school must meet the widely divergent skills and interests of the individuals within the total school environment. We believe that this can be accomplished only when the school provides through its program, services, and staff, ample diversity to allow secondary school education to have real meaning for every student.

Gorham High School Objectives

We Believe that it is the Purpose of the School:

1. To provide instruction and experiences consistent with the fundamental concepts of American democracy and citizenship.
2. To provide suitable instruction by assigning teachers to subject matter areas in which they have adequate preparation.
3. To provide curriculum diversity to suit the needs and interests of the individual student. This diversity to

include academic and general preparation in the areas of college preparatory, business, industrial arts, and home economics.

4. To provide academic experiences for the students in preparation for post-secondary education.

5. To provide some meaningful experiences which will benefit those students whose education will terminate at the secondary school level. To meet this need the curriculum should offer courses in the areas of business, industrial arts and home making.

6. To provide through a program which includes art, music, and drama, a means of developing an appreciation of our cultural heritage.

7. To provide experience which will develop within the student ideals of good sportsmanship, responsibility, leadership, health and hygiene through co-curricular activities.

8. To provide for the health, safety, and sanitation of all students through such courses as biology, driver education, physical education, and home making; and through contact with safety-sanitation measures in the school plant, bus transportation and cafeteria services.

9. To provide for the physical well being of the student through periodic physical examinations by the school doctor and shcool nurse, and through the existence of facilities necessary for the administering of emergency first-aid measures.

Budget

The proposed budget for 1961-62 is $24,155.85, compared to $23,755.11 for this past year. The increase of $400, approximately, is caused by slightly higher tuition charges, the added cost of the telephone in the school and a few other minor items. A considerable number of the budget items have shown a decrease in the proposed budget.

This increase will have very little effect in the amount to be raised by taxes this year due to a large balance that is expected to be in the budget at the end of the year. This

balance, approximately $1,660, results from a smaller number of tuition pupils going to Gorham this year and other savings in the budget. As shown on the page listing the comparative budget, the sum of $22,525.35 was raised through taxes by the town for the support of schools this year. Next year's tax assessment is estimated to be $22,505.85.

The appropriation for the teacher's salary should be explained. It appears that an increase is in the budget for the position this year, but this is not the case. Last spring the School Board and myself felt it only fair and just to raise the level of the Shelburne teacher to an equitable basis with those in Gorham. The salary was raised to $4000, which is what most beginning teachers receive today upon graduation from school. An added increase of $200 was put into the budget for the position for next year, but due to local conditions, the Budget Committee did not feel that added increase was wise at this time. As a point of interest, the average salary in Gorham, exclusive of extra extra-curricula duties, is $4325; in Berlin it is $5353; in Lancaster, $4250 and in Conway, $4417.

Warrant

Two special articles will be voted on at the annual meeting. The first one, by petition from ten voters in the District, will call for a vote to close the present school and send all the children to elementary school in Gorham. With the per pupil cost of education increasing annually, the School Board and I had also felt that thought should be given to closing the school or keeping a fourth grade in Shelburne. We also had felt that with much uncertainty due to local conditions, the decision might best be made a year from now.

However, since the above-mentioned petition, signed by mothers of the present pupils in the school, has been received by the School Board, a vote must be taken at this annual meeting. If the vote were going to be taken a year from now, I certainly would recommend closing the school in preference to adding more grades in the building. The educational advantages of going to a larger school where one grade is by itself under one teacher are very significant.

As indicated in the projected enrollment later in this report, the number entering school in the future will diminish considerably. As stated in the above-mentioned petition, it is quite possible that the enrollment in grades 1-3 will be less than the 15 now scheduled to be in school. In fact, the third grade might have only one pupil if the present school is kept open. When there is such a small number in a grade the pupil suffers from lack of competition as well as interest.

If the school is closed, the financial saving will be considerable. It is estimated that a saving of more than $3000 can be made if all pupils are sent to Gorham. This saving will be increased proportionately in the years to come as the number of pupils entering school becomes smaller. The largest entering first grade in the next five years is three, according to our latest census figures.

While the saving on the tax assessment is important, I feel the most important consideration should be what is best for the children educationally. With the projected decreasing enrollment, I believe the wisest decision would be to close the school and send the children to Gorham.

The second special article, which is being put on the warrant without recommendation by the Budget Committee, calls for raising of money to send eligible children to kindergarten in Gorham. The cost of tuition to kindergarten is $125 per child and at the present time there would be two eligible to go. Under our present transportation arrangements, the District would only be able to transport the kindergarten children one way and the parents would have to furnish the means for the other trip. However arrangements could be made to have all the Shelburne children in kindergarten attend the same session so parents could pool their transportation resources.

The values derived from kindergarten are great, especially if other children in the same grade have had this experience. This will be especially true if the school is closed and all first graders start in Gorham.

Tuition

At the present time, Jan. 10, 1961, we have 11 pupils attending high school and 25 in grades 4-8. It is expected

that the number next year will be 9 in high school and 32 in the elementaary grades 4-8. The increase in the elementary number is due to the large third grade now attending the Shelburne School.

By law tuition rates are established as follows: the receiving District can charge the state average costs for the previous year or its own per pupil cost, whichever is lower. Transportation and tuition items will not be figured in determining these costs. The following are the costs for the past year, 1959-60 for Gorham and the state's average estimated cost for 1960-61.

	Gorham's per pupil cost	State Ave. cost
High School	$451.22	$436.00
Elementary	262.10	265.00

In addition to these figures, $436.00 for high school and $262.10 for elementary a 2% rental charge is allowed by law for capital expenses. These charges are figured as follows: The rental charge for the high school dropped to $19.69 this year and the elementary figure dropped to $14.31. The reason for the slight decline in the rental charge per pupil each year is that the value of each building is depreciated at an annual rate of 1.5%. Tuition rates as established by the Gorham School Board were rounded off as follows:

High School	$450.00 ($35.00 more than last year)
Elementary	
Grades 4-8	$275.00 ($20.00 more than last year)
Kindergarten	$125.00 (Same as last year)

The established rates are discussed each year with the school boards of Randolph and Shelburne and follow the principle established previously that each sending town is willing to pay its per pupil cost.

Buildings and Equipment

Little was done to the schoolhouse this past year, other than normal maintenance, except for the installation of new panic-exit bars on both exterior doors. These will make egress from the building much safer and faster in cases of emergency.

The building is in good condition, although we should give some thought to repainting the building and also replacing the tarred shingles on the roof, which are beginning to show considerable wear.

Nothing was done about resurfacing the yard due to the fact that no tarring was done on the town's roads this past summer. It would have been too expensive to hire a truck to come in for that small area, so the money was not spent.

Teacher

We are fortunate is having Mrs. Ruth Gutowski as our teacher again this year. Mrs. Gutowski continued her work for an advanced degree last summer by attending the graduate school at Plymouth Teachers' College. She also is taking an extension course this semester and should finish her requirements for her degree within the near future.

Conclusion

I would like to thank the members of the School Board, Mrs. Gutowski, the pupils, parents and friends for their help and interest in the school at Shelburne and also to the parents who have shown considerable interest in the activities of their children who are in Gorham.

Respectfully submitted,
GORDON R. TATE
Superintendent of Schools
